

Curriculum Goals

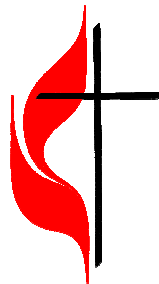

Our goal is to provide engaging experiences and opportunities in an exciting, safe, and loving environment. The teachers at Trinity Preschool are dedicated to helping your child reach his or her potential. Nothing pleases us more than knowing our students are prepared and ready for the next step in their education. Specific goals have been developed for each age group in the following areas:

- **Spiritually**
- **Cognitively**
 - Reading Readiness
 - Math
 - Science
 - Social Studies
- **Artistically**
 - Music
 - Art
 - Drama
 - Creative Movement
- **Physically**
 - Fine Motor Development
 - Gross Motor Development
- **Socially**
- **Emotionally**

Thank you for your interest in our preschool. We hope you will soon become part of our Trinity Community.

Who we are ~

Our Mission:

Trinity Preschool began in 1980 with the mission of meeting the needs of young children in the South Madison community. Trinity has remained focused on developing the whole child, with age appropriate learning experiences to meet each child's spiritual, cognitive, emotional, and physical needs. By encouraging responsibility, independence, and creativity in a loving environment our students improve and master skills that help them successfully master future challenges.

Our Staff:

Our teachers are loving, dedicated, and experienced. They work as a team and coordinate with one another to provide learning experiences rich in creativity and substance. Photographic documentation is on-going to provide parents with a clear picture of their child's progress. We have a reputation of developing close relationships with our student's families. We communicate through daily contact, newsletters, calendars, and our website.

Our Philosophy:

Trinity Preschool incorporates a combination of teacher directed and child directed learning experiences. We believe it is important to prepare our students academically for the area public/private schools and spiritually for everyday living. Children are given daily opportunities to choose from a variety of activities: puzzles, painting, games, pretend play, blocks, books, and much more. They are teacher directed to participate in science, math, social studies, and reading readiness lessons. Weekly chapel, music, and physical education experiences are also provided. Field trips are an exciting part of early childhood learning are planned approximately once per month.

Our Foundation:

The United Methodist philosophy is based on accepting each child as a special and unique individual created by God; offering unconditional love, a feeling of belonging, and awe and wonder, which encourages creativity and an understanding of democratic limits for his or her own self-control and welfare of others.

A \$75.00 Registration fee is due upon enrollment. This fee includes your child's school supplies for the year and a Trinity t-shirt to be worn on field trips.
